## Work towards your Taekwondo belts

Martial arts helps children build strong, capable bodies while improving fitness, balance, coordination, and flexibility. The structured nature of Taekwondo also develops focus, discipline, and confidence as children learn techniques and practise self-control.

These skills extend beyond the class. Martial arts encourages perseverance, emotional control, and respect for others, helping children grow in school, friendships, and everyday life while developing practical self-defence awareness.

Children will get the chance to take part in a competition at the end of each term. This shows them how well they are doing within the class and gives the opportunity to win prizes

There will also be half term/holiday clubs (additional charge) and the opportunity to compete against other schools in the DK School League / England National Schools
